Line Tag

Coombe Park has lots of football pitches. Where there are football pitches, there are lots of football pitch markings, which are perfect for line tag!

Like normal tag, one person is IT and everyone else runs away, but this time you can only run on the lines. You can even add blocks - when someone is tagged, they become frozen on the line and the other players can't get by until they have been unfrozen. Swap over the person tagging too!

Activities for Adults

Art from nature

Why not take time to get creative and see what art you can make from the natural resources around you? Spend some time collecting things from the park such as fallen leaves, twigs or feathers. Once you have collected enough resources, see what you can make from them. This could be words or messages made out of twigs, or patterns made out of leaves. ***Why not see how many different designs you can come up with?***

When you've finished, you could either leave your display for others to find in the park, put everything back or perhaps take it home!

Struggling for inspiration? Then have a quick search online for some ideas before you head out.
